About me

I'm a motivated Computer Science and Engineering student at UBT, with hands-on experience as a Full Stack Developer using HTML, CSS, JavaScript, ReactJS, PHP, MySQL, and Java. I'm passionate about problem-solving, building scalable apps, and learning new technologies. Currently, I'm expanding my skills in Laravel and WordPress, and I'm seeking an internship to grow professionally and contribute in a collaborative environment.

Experience

Full-Stack Developer/Internship

[Tectigon Academy](#) | 01/2025 - 06/2025

Design and develop full-stack web applications using HTML, CSS (TailwindCSS), JavaScript (React), PHP (Laravel), and MySQL. Maintain and troubleshoot computer systems and provide technical support. Manage communication with suppliers for equipment and services.

Full Stack Developer/Freelancer

[Upwork](#) | 03/2025 - Present

Full Stack Developer experienced in building responsive web applications using React, PHP, and MySQL. Skilled in creating full CRUD functionality, user authentication, and modern UI design. Focused on clean code and delivering complete solutions.
